Title: Silent Sleeper

Author:

 Silence sleeping in the
winds of calm...tales
of people and the
world gone wrong.
Whispers weeping in
the dark...little
animals leaving their
mark. Singing songs
of distant
days...breathing
inward without the
haze. Come to see a
land of sand...feeling
the girt where they
stand. Talking about
tomorrow and the next
time...wishing for
that very day for the
ringing chyme. Touch
it softly feel the
carress...wanting
desperately for a lil
rest....sleepy sounds
are yet unheard..tell
me good night...just
a gentle word. Softly
whisper night time
sounds...listen listen
no one is
around...nighttime
glistening silience
falls...now i'm
sleeping in these
protective walls
